Memory ID: **NDM0R32OXU**

Society has come to only recognize white, blonde hair, and blue eyes to be beautiful. Those who have blue eyes are privileged and empowered. Pecola has grown up in a horrible household and because of this she has little self confidence. If she were given blue eyes it would build upon her self worth and make her feel beautiful. Morrison uses this to explain to girls and women of color that they have been and always will be beautiful
