I always felt like my mom had 9 lives cuz she should have been gone by now but she defeated every illness that came her way, from her being in a coma (near death), to the strokes (in n out of rehab to walk again), to just being sick. She was a true champion, I must say. Mom, I love you and miss you so now you get to be with mom mom n pop pop. Please look after me Tracey n Dennis and grands. Rest easy Deets. Luv, Baby Girl
