

~ Hermeto Pascoal

Memory ID: 0UESLIGZI0

Produced by: **MemoryBox**

Hermeto Pascoal, the Brazilian multi-instrumentalist and composer celebrated as “the Sorcerer,” died September 13, 2025, at 89. Renowned for drawing music from unconventional sources—piglets, kettles, or his own breath—Pascoal blended jazz, folk, and experimentation into a singular sound. He recorded with legends including Miles Davis, who once called him “the most impressive musician in the world.”
