My Mom was the best God could have given me. She was the love of my life and vice versa. She was a great daughter, aunt, cousin, sister, friend, but above all a magnificent mother. To me she was my mother, confidante, friend, and towards the end, she was my child. I am excruciated with losing her, but I have faith she is in a better place where she is no longer suffering and sick. Que Dios te bendiga Mama, siempre vas a estar en corazon!
