

Our time

Memory ID: 1A9VBQR1S2

Produced by: **Maureen McLaughlin**

The time we had together was not enough, but I know you are at peace. You gave me and everyone all you had and are now rewarded with eternal life. I know you were greeted by those you loved which passed before you. It was a beautiful site to witness, and I feel blessed. Thank you for all you have share with me up until the very end. You have supported, encouraged, and loved me my entire life and I know you will continue from the other side.
XOXO
