

# ~ Eric Dane

Memory ID: 2Z8KB0F6CZ

Produced by: **MemoryBox**

Eric Dane, the actor best known as "McSteamy" on Grey's Anatomy for seven seasons and later for his role on HBO's Euphoria, died Feb. 19 at age 53. Dane died 10 months after publicly revealing his diagnosis with amyotrophic lateral sclerosis (ALS). Over the last two decades, Dane built a career defined by leading-man presence and complex television roles. He is survived by his wife and two daughters.
