Ba Noi always loved to give people food and drinks. She could never stay in one place and loved to go food shopping, so she could cook and try to feed people. Now that she is gone, she will be at peace with less pain and suffering. She will join her mother in heaven and be happy looking down over us. We will miss you and we loved you. Heaven can't wait, love you my mom now only memories ?? God bless you. Rest in peace.
