Memory ID: E96HSFG7FS

Produced by: Penny Goodwill

Bad-ass jungle kitty

Adopted at 2 weeks old from HappyTails Montezuma animal rescue. She never lost her jungle attitude. But she loved her cuddles.

I taught her how to swim so she could get out of the pool if she fell in, which she did a couple of times.

Life is tough in the jungle. Fiddy's kidneys failed her at an early age.
