(9/22/1954-2/5/2019) My wife for almost 47 years. She was funny, tough, cheerful, smart and a joy to be around. She was special. She was a great daughter, sister, wife, mother, grandmother and friend. She went through so much the past 7 years but never complained and kept fighting until she was up against something she could no longer fight against. If she could have she would. We will miss you.
