David Goldblatt (11/29/1930 â€" 06/25/2018) was a South African photographer noted for his portrayal of South Africa during the period of apartheid and more recently that country's landscapes. He described himself as a â€œself-appointed observer and critic of the society into which I was born.â€• In Goldblatt's view, color photography seemed too sweet a medium in the Apartheid years to express the loathing that it inspired in him.
