Memory ID: KNOPN9BVSU

Produced by: Merary Velez

William Pichy Velez was loved by so many and gave so much love back to all. The meaning of family was, is, and has always been the most important thing that mattered the MOST to him. He was the best father, grandfather, and best friend to so many of us. He will always be remembered as someone who was passionate about his family, especially his grandkids, and someone who loved us immensely.
