

~ **Walt Whitman**

Memory ID: **O4YTXR2WHD**

Produced by: **MemoryBox**

Collective Memory of Walt Whitman (May 31, 1819 - March 26, 1892), considered one of the greatest poets in American history. His most notable work is arguably "Leaves of Grass" (1855), which was extremely controversial for its time and brought Whitman to mainstream success. A bridge between Philadelphia, PA, and Camden, NJ, was named after him and created in 1957. Share your Walt Whitman PHOTOS and MEMORIES with MemoryBox!
