

James Buckalew

Memory ID: S9709ED2MC

Produced by: **steven marandola**

we have known Jim about 5 years from playing softball together. Later he became a friend of our family coming over some holidays and he even helped me re[air one of our mini-vans and stayed overnight so he could finish the job. He was a big competitor on the field and a kind man off the field. In the end he prayed with us to receive the Lord Jesus Christ even though he was a scientist and devout atheist most of his life. We hope to see him again
