John F. Kennedy

Memory ID: **ZPEPBDSHKM**

Produced by: **Matt B**

John F. Kennedy was the 35th president of the United States and served from 1961 until he was assassinated in 1963. He is known for his contributions to America and his ideas about bringing people together. One of most notable accomplishments include establishing the Peace Corps, which is a volunteer program that sends Americans to other countries to promote world peace.
