

Brewerytown Garden

Memory ID: ZRO2XC0WCL

Produced by: **CroneCity**

We are a community garden at 27th and Master Streets, in the Brewerytown neighborhood of Philadelphia. The garden was established in 2010 as Marathon Farm, a joint farm-to-table produce-growing and community space. In 2014, the space was re-established as Brewerytown Garden, an entirely community-run non-profit organization. In 2015, the Garden became part of the Fairmount Park System. Feel free to join and add your pics of what you've grown!
